

# INSTRUCTIONS

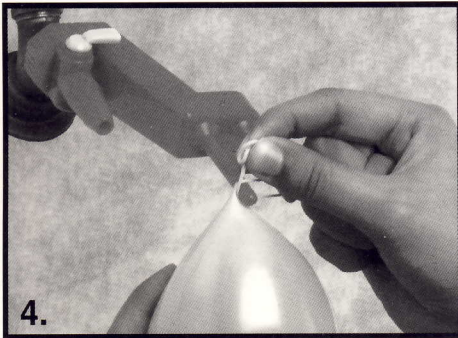

To attach quick knot water filler to outdoor faucet:  
Securely turn the quick knot filler counter clockwise onto the faucet.

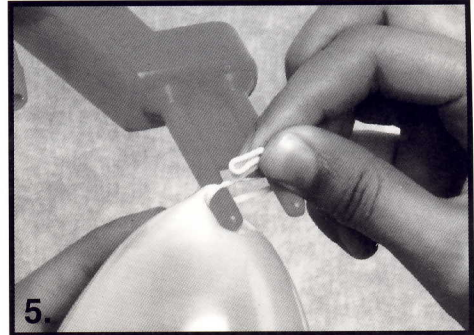

To fill water balloon:  
Stretch opening of water balloon over the quick knot filler faucet.  
Slowly turn the knob on top of the faucet to the left, turn back to the right once the water balloon is filled to desired capacity.  
To remove water balloon, pinch just below the nozzle and carefully remove from the quick knot filler faucet.

To tie water balloon:  
Place the water balloon on the left side prong.

Fully wrap the water balloon around both prongs.

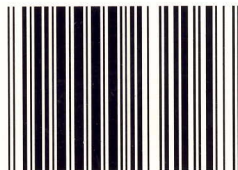

Insert end of the balloon through the two prongs and underneath the top portion of the stretched balloon. Slowly pull the end of the water balloon through and it will be tied.
