

## How To Play

To play hop scotch take your chalk and draw the diagram as shown on a sidewalk surface. There is no limit to how many people can play. Each person has to have a marker (stone, bottle cap, button etc.)

To begin, the first person tosses their marker on square 1. That person then hops over that square and continues onto square 2,3,4,5,6, 7 and 8. Once at square 8 hop back down to square 1 and pick up your marker. Then, repeat the same thing but start by tossing your marker to square 2, then 3 and so on. The person who throws their marker out of a box or loses their balance it out of the game. Be sure that only one foot is in each square, so if there are two squares side by side one foot goes in each square.

6" X 9"  
15.2cm X 22.9cm
